- How would you define a hybrid workplace, and what does it mean to your organization?
- How are hybrid workers spending their time on-site versus at home?
- What needs to be improved in these hybrid work environments ?
- What are the challenges of hybrid work ?
- What are the advantages of hybrid work ?
- How do you ensure that remote employees feel connected and engaged with the company culture?
- How do we build some predictability in our work schedules so in-person time is maximized?
